9. Can I bring my own alcohol?

You may bring your own alcohol, but due to our liquor license regulations, your own alcohol cannot be consumed on the main floor of the lodge, in the dining room, patio deck or the lounges. You may consume your own alcohol in your room or cabin.

Please remember, the charter aircraft are small and cannot carry a great deal of luggage. Liquids are heavy so please restrict them. Pack wisely and remember we have water and refreshments including wine, beer and liquor for sale at the lodge for you.
